CAMPAIGN FOR BETTER DAIRY SIRES TO OPEN

Leaders Were In Sonoma and Spoke Before the Sonoma Business Men's Association Monday Night.

The campaign for better dairy sires by which it is proposed to place 100 pure bred bulls on ranches in Sonoma and Marin counties to take the place of 100 scrubs was unfolded here on Monday night when Prof. N. Negley state dairy specialist, Farm Advisor Weiland and Sam H. Greene, manager of the California Dairy Council, addressed the Sonoma Business Men's Association. The farm advisor's talk on general agricultural betterment work was followed by a spirited outline of the proposed Sonoma-Marin bull campaign by Prof. Negley. The speaker explained why it was a business men's proposition and why the community should be interested in the movement to increase dairy production and reduce cost by eliminating scrubs in our dairy herds and replacing them with pure breds. He gave statistics to show that milking qualities and butter fat superiority are transmitted by the sire. Testing cows for production and the use of pure bred sires in low-producing herds will turn unprofitable dairies into money-makers, said the speaker. He compared the profits on farms of smaller herds with high producing cows and those of larger herds of low producing cows. It was obvious that the dairymen with a few big butter fat producers were better off, for the cost of keeping a lot of slackers was eliminated.

Mr. Greene of the Dairy Council pointed out that prosperous dairymen meant a prosperous community and said it was the duty of business men to spread the gospel of better sires. He declared that more money can be produced in Sonoma Valley by bringing up the quality of our dairy stock than in any other way. The question of eliminating unprofitable cows and putting the dairies of California on a profit making basis is of even greater importance to the community at large than to the individual owners of unprofitable dairies, stated Mr. Greene.

B. H. Raul, for 12 years head of the Dairy Division of the United States Department of Agriculture says that any dairyman who has been in the business five years should have his herd producing an average of 300 pounds of butter fat annually. If it does not, he has worked too hard from his neck down and too little from his neck up. In other words, he has not exercised intelligent effort to better his herd, the first step forward being the selection of a pure bred dairy bull at the head of the dairy herd.

BALL TO USHER IN FOURTH OF JULY

Monday Night Dance and Midnight Revue With Patriotic and Miscellaneous Acts Only Celebration

Sonoma's only celebration festivity this Fourth of July will be the grand ball and midnight revue to be put on by Madame Maerilla, Monday evening, July third at Union Hall. Dancing to the big orchestra will start at the usual hour and at the approach of midnight, the revue, featuring patriotic songs, dances and feature acts in costume will be presented. The hall will be decorated in the national colors and many novelties are promised.

The combination of entertainers with the dancing, promises to make the Fourth of July Eve. festivities in Sonoma a big drawing card as those who have company over the Fourth will find it a nice way to entertain their guests.

The day of the Fourth will be given over to general celebration at the various resorts and baths up the valley. The hotels report that they expect an immense crowd and have made many reservations.

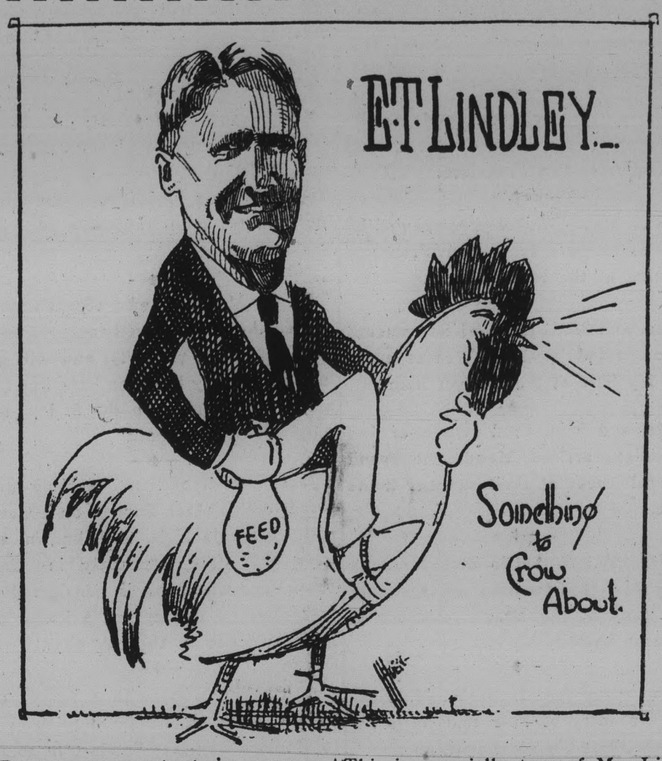

MRS. DRAKE RETURNS FROM LAKE TAHOE

Mrs. Amy Engler Drake of Santa Rosa, who accompanied District Attorney and Mrs. Geo. Hoyle on their trip to the District Attorneys' Convention at Placerville and then went to Lake Tahoe, has returned home. The party had a delightful trip both at the convention and at the resorts about the Lake. They encountered extreme weather, particularly enroute home.

On the night of the Fourth of July a special train will leave Glen Ellen at 8:30 p. m., returning to San Francisco.

Progress and Prosperity

By Our Campaign Manager

From a one-man business to an extensive concern employing eight men ad serving not only Sonoma, but the entire valley, is the record of seven years growth of the Sonoma Feed Store under the able management of E. T. Lindley. The present establishment, comprising a well stocked general merchandise store, two spacious warehouses, spur track, and trucking facilities carries a complete line of poultry feed, fuel and roofing material. Mr. Lindley is Sonoma agent for the well known Croley Poultry Products, which is filling up Sonoma Valley's egg basket.

It has often been said if you want something done, go to a busy man. This is especially true of Mr. Lindley, who, in addition to his own enterprises, has given his time to community service as a member of the Board of City Trustees. Vision, energy and initiative are Mr. Lindley's outstanding characteristics. Among the improvements he advocates are a children's playground, better roads, better schools and a feasible plan for the maintenance of the city Plaza. Speaking of this campaign, he said:

"Co-operation is essential. When the business men of Sonoma begin to work in harmony for civic and commercial progress we shall quickly realize on our vast store of natural resources and advantages. Let us all put our shoulder to the wheel."

FIREMEN'S BALL ON NEXT SATURDAY NIGHT

The Boyes Springs and Valley Firemen give their first benefit dance at the Fetters Theatre on next Saturday night, July 8th. Chief W. B. Cause bespeaks a good response from the public of Sonoma Valley in behalf of his loyal fire laddies.

PRINCIPAL PRESTWOOD AGAIN HONORED

The class of 1922 graduating from the Sonoma Grammar School followed the annual custom of presenting Principal J. F. Prestwood with a suitable gift. This year it was a hand some embelm ring and its presentation by the young student delegated to confer the gift on the school principal was truly expressive of the feeling, too deep for words, which the boys and girls felt toward a well beloved teacher. Mr. Prestwood has been principal of Sonoma's Grammar school for twelve or thirteen years and is worthy of the apreciation the classes accord him. He is one of the most conscientious, capable and enthusiastic educators in the public schools of the state and finds time to take a keen interest in everything of community interest and welfare. His gift of oratory makes him much sought after at public affairs and he is prominent in several fraternal orders including the Native Sons.

VAUDEVILLE AND DANCE FOR ST. FRANCIS PARISH

At Boyes Springs theatre on Friday night, July 28, there will be the regular mid-summer vaudeville show and dance for the benefit of St. Francis parish. Rev. J. F. Byrne has the promise of many talented artists from San Francisco who will put on a good show of songs, dances and character acts.

SAN QUENTIN PRISONERS MAY BE SENT HERE

Delinquents' Farm Near Buena Has Been Proposed by Prison Directors For Female Convicts.

Owing to the crowded condition of the state's prison at San Quentin, it is proposed to transfer 47 women prisoners to the State Farm of Delinquent Women at Buena Vista. The question came up for consideration at a meeting of the Board of Prison Directors on Monday and as the recently established farm is a penal institution, no reason was seen for not relieving the congested condition at the penitentiary through the sending of female convicts to Sonoma county. Warden Johnson and a committee decided to visit the institution here and see what accommodations could be arranged for the San Quentin women out on the Farm.

So far only a limited number of women have been enjoying the beautiful surroundings afforded by the new state institution but with the fitting up of more commodious quarters and the completion of the new $16,000 brick hospital building now in the course of construction, more wards of the state will undoubtedly be received.

The Buena Vista property is one of the beauty spots of the state and it now appears that the only thing necessary for a woman to do to enjoy an outing there is to commit a felony and retire to this castle in the Valley of the Moon, where culture, cigarettes and ceremony are all supplied by the state. Exercise while putting in the time there consists principally of getting the goats of those in authority—Toggenbergs—and in learning the gentle art of white-washing, taught by clever women politicians.

Warden Johnson, in an interview granted the Idex-Tribune, denied that there was any immediate action contemplated relative to transferring San Quentin time servers here. He declared that first of all the legal phase of the transfer would have to be gone into. The act creating the Farm was only passed by the last legislature and its possibilities have not been fully surveyed in relation to other penal institutions. Red tape will bar the women prisoners from Sonoma Valley at least for a time.

MANY PRAISE OUR NEW GOLF CLUB

Enthusiastic Players Try Out Course. Barbecue Much Enjoyed by the Members and Guests.

Over 150 members and guests of the Valley of the Moon Golf and Country Club inspected the links and club house near Sonoma Vista last Sunday and were more than delighted with the progress and possibilities of the project which is destined to be one of the greatest drawing cards the valley has ever had.

The ladies, in summer sport togs, and light dresses, with their escorts, some of whom wore the customary golfing outfits, gathered in the forenoon to see some exciting matches between Messrs. Whitton, Clark, Edwards, Dr. Hay and other players. Many good scores were made and the green pronounced wonderfully fine.

The barbecue de luxe prepared by Mr. Tanforan of Boyes Springs was one of the finest ever served in Sonoma Valley. Tables were set on the picturesque grounds surrounding the club house and after each guest had been served they sat down to enjoy the splendid repast and discuss the new golf club. Chicken, rack of lamb frijoles, salad, coffee and ice cream made up an appetizing menu.

The club house was prettily decorated for the occasion, and many charming musical numbers were played on the victrola throughout the afternoon. Messrs. Burris, Lichtenberg, Fitzgerald and others connected with the club cordially welcomed the out of town guests and showed them over the grounds. Visitors from other golf clubs highly praised the Valley of the Moon course and predicted a wonderful future for the club.

NOTED VISITOR AT MASONIC MEETING

The Masonic Lodge had a fine degree night this week, with many noted visitors present, including Judge Emmet Seawell of Santa Rosa. A chicken banquet was served at the conclusion of the evening's ceremonies.

Little Miss Antoinette Marcucci of Schellville is visiting relatives in Yolo county.

J. Wagnon, H. Fiscus and E. T. Lindley enjoyed a fishing trip to Putah Creek, Napa county, last Saturday

EL VERANO NEWS

By ARCHIBALD McKIVER

Miss B. Smith of San Francisco is here for the summer, a guest of relatives.

Jack McGill returned Tuesday from Sacramento where he was visiting and sightseeing.

Peter Zampa, business man of Alameda, was in a sightseeing tour to this city Sunday.

Tom Partridge of San Francisco was here over Sunday looking over property interests.

George Frederickson and family were here over the week end, motoring up from San Francisco.

Miss Marie Minkel accompanied by friends is here from San Francisco visiting at the Minkel home.

Mr. and Mrs. Hunt of Sacramento accompanied by Miss Weaver spent Sunday here at the Weaver home.

Mr. and Mrs. Fred Jensen of San Francisco arrived Monday to spend several weeks at their summer home here.

Mrs. W. E. Settle and Mrs. La Blue of San Francisco are spending the week at the Beach residence in Sonoma Vista.

The many friends of W. H. Pickens are sorry to hear that he is seriously ill at his home with an attack of paralysis.

The many friends of Joe Escolle are sorry to learn that he is confined in a San Francisco hospital with blood poisoning.

Mrs. M. O'Dowd and family are at their summer cottage from San Francisco. Detective M. O'Dowd was here Sunday visiting his family.

Mrs. J. Baines accompanied by William and R. Baines are in Los Angeles, having motored to the southern city to visit Mr. and Mrs. G. Block.

The El Verano school has closed for the summer vacation. Principal Alice Louise Griffin has resigned and will take over the school at Kenwood and it is also rumored that Miss Helen Lonegran, a teacher, has turned in her resignation.

Mrs. K. Lombard of San Francisco was here the first of tha week, a guest of Mr. and Mrs. Claude Lombard at their beautiful country home south of town.

It is rumored that the S. P. will after the Fourth of July, run their four passenger trains over the Santa Rosa branch. This will bring the ser vice back to the good old days.

Slim Holder, El Verano buckaroo, made a hit Sunday when he rode a tough old bull from the western foothills, at Boyes Springs. Slim is some rider and gave the crowd a thrill.

Gus Cornelius, formerly a landowner here, but now of San Francisco was in El Verano several days this week getting a look at the surrounding country and renewing old acquaintances.

W. H. McAuley, who recently purchased the A. J. Howell ranch, is now located on the property, and will go into the poultry business. He was formerly an engineer on the S. P., running out of Dunsmuir.

Jack Carroll of San Francisco motored to this place Sunday on a week end visit. Jack is well known all over the state, especially in San Francisco, where he is considered a first class jig dancer and a leader of Irish societies in the bay city.

A. Chelini, who, with a party of friends, went on a clam digging trip to Bodega Bay last Sunday, in some unknown manner slipped backwards and broke his arm. He will be incapacitated for some time. Dr. Hays of Sonoma set the injured member.

By the looks of the increase of mail for the Sonoma post office over the S. P., our efficient mail carrier, Emil Cornelius will have to get a larger conveyance and increase his help on this mail route. Sonoma mail is especially heavy on Sundays.

Interest is growing in the coming battle for post master of Sonoma, which will be called at Santa Rosa on July 15. John Wagnon, now post master and a Progressive, and Walter Murphy, editor of the Sonoma Index-Tribune, a Republican, are out for the job. The examination will be watched with interest throughout the valley and we hope that both aspirants will be on edge when the gong sounds and may the best man win. Uncle Sam will referee the contest.

Miss Gertrude Dowd, clever and charming entertainer at the Lark, Agua Caliente, was here Monday visiting Miss Ruby Smith. Both these pretty young ladies called in to say hello to Archie McKiver, who is all flattered over their visit. They were formerly twin sisters on the Orpheum circuit in San Francisco.

Henry Hiser, Sonoma Beau Brummel, was here last Sunday taking an eyeful of our summer girls, and also enjoying in general the sights in our wide awake town. Mr. Hiser is some ladies man and the girls all think he is their sweetie. Easy Jim of Vineburg has nothing on this sorrel top youngster when it comes to the flappers making love to him. Pretty lucky for the Vineburg scribe. Such luck has never fallen to the lot of Archie McKiver. You are all right, Easy Jim, and so are your fair assistants.

Our old friend, Charley Birdsall blew into town the first of the week. Mr. Birdsall has been in many places since his last visit to our city, having been at the whiskers show in Sacramento, the Shriners in San Francisco and also took a ride to Honolulu with the potentates, enjoying the visit, but claims there is no place like the Valley of the Moon. Our esteemed visitor is registered at the French cottage and is a scholar in the Chinese language. For 40 years he has been a guide through the San Francisco Chinatown and knows every crook and turn of this famous place.

Buck Holly, crack middleweight boxer and who makes his home in th Sonoma Valley, will soon leave for New York City, where he will act as chief sparring partner for Jack Dempsey, champion heavyweight boxer of the world. Buck's many friends here are glad to hear of his being selected by the champion, who is to meet Wills, Brennan and Willard within the next six months, which will keep Jack going some, but at that, it looks like the champion will put the crusher on all these aspirants who seek his honors. These battles will be watched with interest, especially when he tangles with the black man, Wills.

REPRESENTATIVE OF PRUNE GROWERS HERE

H. O. Jones, representing the California Prune and Apricot Growers, was in Sonoma Valley last week checking up the acreage of local growers and looking over the 1922 crop prospects. Sonoma prune acreage is increasing each year and this season many young trees are coming into bearing. Sonoma land is particularly adapted to the growing of prunes, which rival the more advertised product of other valleys.

THREE PICNICS AT OAK GROVE DURING JULY

The Oak Grove resort, with its beautiful trees and natural rustic beauty is to be the scene of three big picnics this month. Mr. and Mrs. Henry Koerner announce that the Petaluma Eagles will hold the first July picnic on Sunday, July 16th. The following Sunday comes the Sons of Hermann with a large crowd and the final gathering of the month is that of the Redmen's convention picnic on the last Suday in July.

These picnics will draw big crowds to the valley and their importance should not be underestimated, as more than one permanent resident of the valley has first been taken with the climate and advantages of this section while on just such outings.

HERE ARE YOUR THOUGHTS TRANSLATED. WILL YOU HELP?

This editorial is being printed in nearly every representative newspaper in Northern California. It is the first time you ever saw a large group of newspapers of otherwise diversified interests voice a common purpose in identical words.

It is presented in this unique fashion to excite your curiosity and cause you to read it whether editorials interest you or not. And when you read it we believe you will find it voices the aspiration of every resident of every community in which it is printed.

Its elemental purpose is to wake up Northern California. The moment is opportune for the people of this section to lay aside differences, drop family bickerings, banish municipal jealousies and stop town politics from clogging general progress.

Recognizing the necessity for immediate action, the press of San Francisco, Oakland, Berkeley, Alameda, San Jose, Stockton, Sacramento and otther localities of this section are today setting an example by uniting in one big movement for the advancement of Northern California.

Regardless of politics, forgetting past differences, the newspapers are together in an effort to unite all the cities and towns in a common sentiment of good will, in a common effort to let the world know more about this finest section of California, in a common pull for more population and more development of our wonderful resources and opportunities, in a common boost, not for San Francisco or for Oakland or for any one city or town, but for all the cities and towns of Northern California.

You are wont to speak of community growth, so you must believe that your community is alive. Yes, there is a mind in your community. Your community, created by the pioneers, your fathers, and destined to outlive your children and your children's children, is informed with consciousness; it has an undying soul. What influence is today troubling that community soul? What insistent disquietude possesses that community consciousness? What thought is paramount in the mind of your community?

Briefly and bluntly, dissatisfaction.

Dissatisfaction with what?

Dissatisfaction with the neglect of community opportunities. Dissatisfaction with our easy-going Northern California ways. Dissatisfaction with the habitual indifference bred in the bone and blood of our too comfortable Northern California existence.

Your community and ours—all this gloriously favored part of California—has examined its conscience and found there many sins of omission. We have taken account of our stewardship and convicted ourrselves of offense. Moved by an innate honesty quite as much as by an obvious self-interest, we have confessed that we buried the talents we should have used.

And because we are thus honest with ourselves, we are rewarded with the gift of dissatisfaction, a precious gift not bestowed upon the inert, the supine, the hopelessly self-satisfied. In other words, ours is a beneficent dissatisfaction. In it there is the promise of community health; it is the augury of a community growth such as we have never known before.

We are dissfatisfied with the rut that has bogged down the wheel of our forward movement. The lift out of the rut calls for a strong and steady pull, a pull all together. Our dissatisfaction will do us substantial good only if we energize the constructive impulse behind it.

Northern California is more than a geographical expression. It bespeaks a rich deposit of tradition. It is all the years since forty-nine. It is the seed of the pioneers. But whether as an idea or as a phrase, Northern California does not violate the oneness of our beloved State. The essential unity of California admits of minor divergencies. Kindly nature raised a barrier between our North and South high enough to warrant metropolitan ambitions in either section, by no means high enough to make for isolation or to prevent a helpful rivalry. The Tehachapi is the unfortified frontier of two empires, one in destiny and blood. Tehachapi Pass is the open pathway from our hearthstone to the hearthstone of our brother.

Brother may learn from brother. The South has much to teach the North. The great section dominated by Los Angeles will tell us that our widespread dissatisfaction with the pleasant but unprofitable ways of the past can be translated into the progress that is our dearest desire if we assume the responsibilities of community co-operation.

It is recognized that the energetic people of Southern California are building up that section steadily and rapidly. They have been doing this for a long time, and we have admittedly failed to profit by their example. We are glad that they have made such remarkable success. They deserve it, and the whole State profits. Every new inhabitant and every new dollar that comes to Los Angeles or to San Diego, or to Riverside, or to any other place south of the Tehachapi helps every business and locality north of the Tehachapi. We all live in California, and anything that adds to the aggregate wealth and the aggregate taxable property and the aggregate revenues and the aggregate business of any part of California helps all of California.

We are neither jealous nor envious of our hustling fellow-citizens in Southern California. It is all in the family. Good luck to them and more power to their boosters!

Let us frankly admit that we need more of the Southern California boosting spirit and the Southern California boosting energy here on our side of the Tehachapi hills.

Admittedly we possess the potentialities. We have richer soil, greater rainfall, larger rivers, better rail and water transportation facilities, wider markets, easier access to the Orient, to Canada, to the Middle West and Northwest and to every State east of the Mississippi and north of Dixie.

Let's get a bigger conception—all of us. Let's think of California more and less of our own store, newspaper, house or town lot.

Let us learn that the best and most helpful loyalty to our own town and county is a strong loyalty to all our neighbor towns and counties.

Right here let us make one thing clear beyond suspicion: There is no thought of consolidation in any of our minds.

We are not after consolidation of any cities or any counties. We are not after consolidation at all. We are after co-operation. Let each city and town manage its own affairs, have its own boosting organizations, its own Chambers of Commerce, its own methods of publicity. We appeal only for federation of interests; for a federal union of efforts to help along the welfare of all; for just such a federal organization as our own self-governing States, with their sovereignty over their own affairs and their union for the common good and welfare.

We want San Francisco to help Oakland prosper, and Oakland to help San Francisco prosper, and both to help San Jose, Stockton, Sacramento and every other city and town and county in this section of California to prosper, and then all those to help each other and the Bay cities to prosper.

We want the outside world to know of our resources and the wonderful opportunities this region offers. While it is important that we sell this community to ourselves it is even more essential that we broadcast our potentialities to those in distant places.

To all these ends we pledge the continued and enthusiastic support of the papers we publish.

This appeal for united effort to build up common prosperity by continually letting the world know our wonderful section, and what it really has to offer newcomers is not made by us to any class or classes.

It is an appeal to everybody.

An appeal to bankers and business men.

An appeal to clerks and mechanics.

An appeal to employers and employees.

An appeal to the men.

An appeal to the women.

An appeal to each individual citizen who lives in the best part of the best State of the best country God ever made.

With jealousy for none, with good will to all, let us join in a determined and surely victorious campaign to make the federated cities and towns around our noble Bay and throughout Northern California the wonder and admiration of all who hear the story of their growth in wealth and population during the years that are just ahead—and so help ourselves to prosper and add greatly to the riches and renown of our splendid and dear California.

Citizens of Northern California, will you join in this movement?

Col. Herbert Shaw, U. S. A., who has been stationed at San Francisco following his splendid record in the medical corps overseas during the war, has been ordered to Fort Leavenworth, Kansas and on Sunday came to Sonoma with his wife and son to bid his mother goodby. The son has passed the examination to enter Annapolis and will enter upon his studies there very shortly.

Mrs. Shaw and Miss Pemberton, mother and sister of the Colonel, regret his departure for the Middle West army post, as during his residence at the Presidio of San Francisco they had frequent visits from him and were also nicely entertained whenever they visited about the bay.

Harry Seidman of the Valley of the Moon Dry Good Store has rented a cottage in Sonoma and is bringing his family from Canada to reside. Mr. Seidman is building up a nice business here and reports sales brisk at his location near the new service station on [illegible] street.

As this is the first Diesel electric auto ferry in the world, it is attracting considerable attention, and many eminent engieers will thoroughly inspect the wonderful new machinery with which this boat is equipped.

GLEN ELLEN TO HAVE CIVIC CENTER

The progressive little city of Glen Ellen is getting ready to establish a civic center and gymnasium to interest the young folks of the community. It is planned to use May Flower Hall, which will be equipped with up to date athletic apparatus.

FORGOT THE BOTTLE BUT MADE THE TRAIN

M. H. Long of Boyes Springs has many and varied experiences in his taxi business, but this week rung the bell for a new one when a passenger grabbed his car at Rosenthals resort a minute and a half after the train left Verano and put his faith in Long to overtake the 10:25 N. W. P. at Schellville. Long stepped on the gas and having his car nicely tuned up and his tires recently Robinsonized, he pulled into the Embarcadero capital just as the train did. A happy Yiddish father was thereby united to his wife and baby who were on the train and all was well that ends well. —What made papa miss the train?—that's the story. The happy vacationers left Rosenthals for Verano station in good season, but suddenly discovered that the baby's milk had been forgotten. Then it was that the fond daddy jumped into Long's taxi and sped back to the resort for the milk. He got the milk, but forgot the nursing bottle and had to go back in again. Just as he came out the train was departing. But to make a Long story short, he caught it.

BIG CROWD AT RODEO

This is a very prevalent foot trouble, especially among women. Metatarsalgia is caused by the arch across the ball of the foot breaking down, which displaces the tiny bones. Callouses form on the sole, soft corns develop between the toes and excruciating pains occur in this region. The foot spreads and the shoe loses its shape.
To secure quick relief and restore the foot to normal condition

GLEN ELLEN HOME IS BURNED DOWN

Ben Behler's Cottage Destroyed On Sunday Evening. Cause of Fire Is Uncertain.

The cottage home of Mr. and Mrs. Ben Behler on the county road near Beltaine, was discovered on fire Sunday night shortly after 7 o'clock and although prompt response came from neighbors and passersby summoned by the family, to fight the flames, the fire had gained such headway that the home was soon reduced to ashes. The flames started under the roof, evidently from defective electric wiring or an overheated flue. Seeing the fire to be beyond control, the fire fighters turned to the work of saving the contents of the dwelling and succeeded in saving considerable of the household goods and wearing apparel.

The Boyes Springs and Valley Fire Department arrived on the scene in time to keep the fire from spreading and Chief Cause explained that had more exact telephonic directions been given instead of just the bare statement that there was a fire on the Glen Ellen road, he and his fire fighters would have been able to immediately locate the blaze and given quicker assistance. As it was, the Valley Angel made the run to Warfield and seeing no fire along the road, the fire department turned into Glen Ellen before finding its mistake. The firemen used several tanks of chemical to advantage in putting out the blazing ruins and grass that has become ignited. The bursting of a hose resulted in several of the firemen ruining their clothes.

The Behler property was insured. Mr. Behler is a prominent vineyardist of the Los Guilicos Valley.

Mr. and Mrs. A. Dutil and family motored Sunday to Dillon Beach, where they spent the warm day by the big breakers

BUYS GLEN ELLEN RANCH AND WILL IMPROVE IT

The former Parrent ranch at Glen Ellen has been purchased by Maude M. Wheeler, who owns the attractive Blink Bonnie Cottage at Fetters Springs, and it will be highly improved by the new owners.

The property comprises abopt 16 acres of hill and level land, the place being equipped for a chicken ranch. Mrs. Wheeler will bring her poultry farm right up to date and is to at once purchase from 2000 to 3000 chickens of specially fine stock and has engaged Mr. Cone, the poultry man of Lower Broadway, to take complete charge of this part of the ranch. Later on the progressive owner will set out all the hill land to vineyard.

The ranch is in the heart of the Valley of the Moon county, not far from the Jack London ranch.

The realty deal was effected through the Boyes Springs agency of M. H. Long.

BUCKS HAVE IMPROVED THE MERVYN HOTEL

The grounds around the original Mervyn Hotel in Glen Ellen have not looked as beautiful in years as they do now. Mr. and Mrs. Buck, lessees of the property, have had much gardening done, while retaining all the natural beauties of the trees and shrubs. The sloping banks along the Sonoma Creek have been terraced and a fine swimming pool provided Tents and cottages on the grounds add to the attractiveness of this pioneer resort.

The Bucks were formerly connected with the fashionable Peninsula Hotel in San Mateo county.

ELDRIDGE ITEMS

Supt. F. O. Butler has purchased a new Buick sedan.

Assistant Carpenter Wilson had his new Chevrolet car badly damaged last Saturday when one of the inmates attempted to run away with the car and ran it into a tree.

The family of Joe Lennon has been on the sick list for the past week. However, at the present writing, all are doing nicely.

Jim Morse, the assistant supervisor, has been offered the position of supervisor of the Pacific Colony, the new feeble minded home for Southern California.

During the Home investigation last fall a few individuals claimed the atmosphere in Eldridge was too chilly. It was suggested to them at that time that they go to a warmer climate. They must have acted on this advice since we are informed that these parties are now located in Phoenix, Ariz.

The Fourth will be celebrated at the Institution in grand style. There will be a field meet, beginning at 8:30 a. m., and prizes will be awarded winners of the various races and contests. The merry-go-round will do its share toward making the inmates happy and the afternoon will be devoted to baseball, Sonoma State Home vs. Mother's Cookies. A dance for the attendants at the gymnasium is also scheduled for the glorious Fourth with entertainment and illuminations on North Lawn at 7:30 p. m.

Dan Freideger, the farm foreman, is recovering from a severe attack o sciatica and will soon be back on the job.

C. S. Gossin, the commissary clerk, who has been dangerously ill with pneumonia, is on the road to recovery.

J. F. McDonald, the charge attendant of Manzanita Cottage, is seriously considering going to Honolulu in the near future.

L. Bartell ad family returned from a seventeen days' vacation last Thursday. They spent their vacation with relatives at Santa Ana and San Diego.

Speed V. Thompson, the property clerk, has been acting as commissary clerk during the illness of Mr. Gossin. Thompson has been busy during his spare time, trying to invent an appliance for his car to make it go twice as far on half the gasoline. This, Mr. T. considers, is quite easy, as he used three gallons of gasoline last Wednesday and never moved the car a foot.

PROF. SCHIECK WOULD ORGANIZE BRASS BAND

Prof. Herman Schieck, formerly bandmaster at the State Home, and one of the leading musicians of Sonoma county, was in town Tuesday from his home near Glenn Ellen enlisting the interest of musicians and townspeople in the organization of a brass band for Sonoma Valley. Prof. Schieck plays the cornet with the Santa Rosa band at present, but is anxious to devote his entire time to building up a good musical organization here. He believes we have the material and declares that by next spring a local brass band would be able to take an active part in community affairs. In conjunction with the Sonoma Valley band, the Glen Ellen leader would train the high school band also.

Anyone interested in joining a band such as Prof. Schieck proposes is invited to correspond with him and he will later call a meeting of all those interested and proceed to organize.

Prof. Stenquist of the high school will spend the summer vacation in South Dakota, on the farm of his brother, where he will help harvest the big hay crop.

ADMISSION 50c SUPPER EXTRA

An extra measure of *power* with every gallon drawn from this pump,

Gasoline, mixed with air, makes gas, and gas makes power.

How much power depends primarily upon how completely the gasoline vaporizes in the carburetor.

"Red Crown" vaporizes 100 per cent. Every atom mixes with many times its weight of air and combusts cleanly and powerfully, leaving a minimum of carbon residue on spark plugs, valves and cylinder heads.

That's why you get more power and mileage and a sweeter-running motor when you use "Red Crown."

Fill at the Red Crown pump—at Standard Oil Service Stations, at garages and at other dealers.

ONE INJURED AS TRUCK HITS CAR

A young lady was injured and the Ford touring car in which she was riding with four other young people was wrecked when a motor truck struck it and hurled it up against a fence on the curve just west of the Carneros Club House on the Sonoma Highway Thursday of last week.

Miss Ellen Walsh of Sonoma was the member of the party who sustained injuries which were not of a serious nature. She was treated at the Napa General Hospital

The driver of the motor truck hastened on without offering assistance, it is reported.

Traffic Offiicer Ray Asedo was notified and though he conducted a vigilant search far and wide for the truck, he failed to find any trace of it.

The Ford is owned by Harold McPherdran and was being driven by Miss Marie Bushey of Agua Caliente —Napa Register

WILSONS HAVE NEW YORK ENGAGEMENT

The Wilson orchestra of Boyes Springs theatre have signed a contract to fill an engagement in New York and upon the close of the season in Sonoma Valley will go East to remain for seven months. Mr. Wilson has a very clever aggregation with him this year and his orchestra is giving splendid satisfaction at the Springs.

SUSTAIN DEMURRER SUIT AGUINST LEWIS

Because E. Ridenour had failed in his suit against Mr. andMrs. T. Lewis to have the cost of house construction adjudged a lien against the property, to make proper description of either material or labor in the filing of his claim for lien with the county recorder, Superior Judge Rolfe L. Thompson today sustained a demurrer of the defendants on the grounds that the plaintiffs had not made substantial compliance with the statute regulating such matters.

Ridenour sued to have $962.48 as the construction cost of the house built for the defendants near Boyes Springs, adjudged a lien against the property. Judge Thompson's opinion on the demurrer states that section 1187, of the Code of Civil Procedure requires filing of a notice of lien containing a general statement of the kind of work done and materials furnished. The notice in the case has no description of either materials or labor. There is not a substantial compliance with the statute

HEALDSBURG'S GOLF LINKS

Things are moving fast with the new golf and country club, and it is expected that within a few weeks a temporary golf course of nine holes will have been laid out and ready for use. The membership list is now over the hundred mark and will doubtless be closed and membership be made by election. The club expects to be incorporated within the next week or ten days and then it will be ready to go ahead.

The property, known as the East Luce tract and consisting of some seventy acres lying across the road from the substation on east Matheson street and running north to Powell Avenue has been purchased by the special committee consisting of Ralph Williams, Dr. J. Walter Seawell, Colonel C. E. Tayman and A. F. Breiling It is excellently situated and the contour is such that a fine golf course can be laid out which will offer plenty of hazards to the golfer and afford plenty of exercise in making the route

A right of way to the river is also included in the purchase and bath house and boating facites are later to be installed as part of the club plan The matter of a clubhouse will be held in abeyance until such time as funds are assured for its erection —Healdsburg Enterprise.

Mrs. Mabel Lowell Payne and little son were forced to cut short their visit to home folks here on account of the threatened railroad strike and left for their home in the state of Washington on Wednesday.

SENT TO ELDRIGE

Four boys previously committed to the Preston State reform school at Ione were brought here Thursday and committed to the Sonoma State home for the feeble minded at Eldridge. Eventually each of these boys will be deported to the state from which he came, not being proper charges of the State of California

The boys were accompanied here by Superintendent O. H. Close of the Preston school, who reported that while they were committed as incorrigibles, they really are of the moron type, mentally feeble.

Their deportation later to their states of their origin is in line with a policy adopted by California authorities some time ago —Santa Rosa Press Democrat

How did your neighbor's last bargain tire turn out

PROBABLY you know at least one car-owner who is always on the look-out for the cheapest tires he can find. He likes to get them by mail or at a sale or at some place where they have big red bargain signs over the door.

It would be fine if he could get "the edge" in every tire trade.

But the dealer can't afford to let him have it.

* * *

Even if a man saw any slight percentage in tire shopping at all—it disappeared when the "Usco" brought the price down.

A *standard* product—and the dealer sells it with pride.

A *good* tire. The dealer has no desire to trade you into a larger profit for himself.

United States Tires are Good Tires

Copyright 1922 U. S. Tire Co.

An out-in-the-open tire. The dealer sells you confidence, not price. He wants you satisfied with performance and value. The only way he knows to get your business is to deserve it.

This is the "Usco" idea.

* * *

Compared with the ten-minute thrill of the bargain appeal, the "Usco" is just plain common-sense.
